FABRICATIONS & DESIGNS LTD

Company Profile: Agama Fabrications and Designs

Introduction:

Agama Fabrications and Designs is a leading company specializing in the import and fabrication of high-quality building materials. With a focus on exceptional craftsmanship and innovative design solutions, we offer a wide range of products that enhance the aesthetics and functionality of residential, commercial, and hospitality spaces. Our commitment to excellence and customer satisfaction sets us apart in the industry.

Mission:

At Agama Fabrications and Designs, our mission is to provide our clients with superior building materials that combine durability, style, and sustainability. We strive to exceed customer expectations by delivering innovative design solutions and exceptional service, while maintaining a strong focus on quality craftsmanship and ethical business practices.

Product Portfolio:

Staron Solid Surfaces:

We are proud to be an authorized importer and distributor of Staron Solid Surfaces. These premium acrylic solid surfaces offer endless design possibilities for countertops, wall cladding, kitchen and bathroom surfaces, and more. Staron Solid Surfaces are renowned for their seamless appearance, hygienic properties, and exceptional durability.

Radianz Quartz:

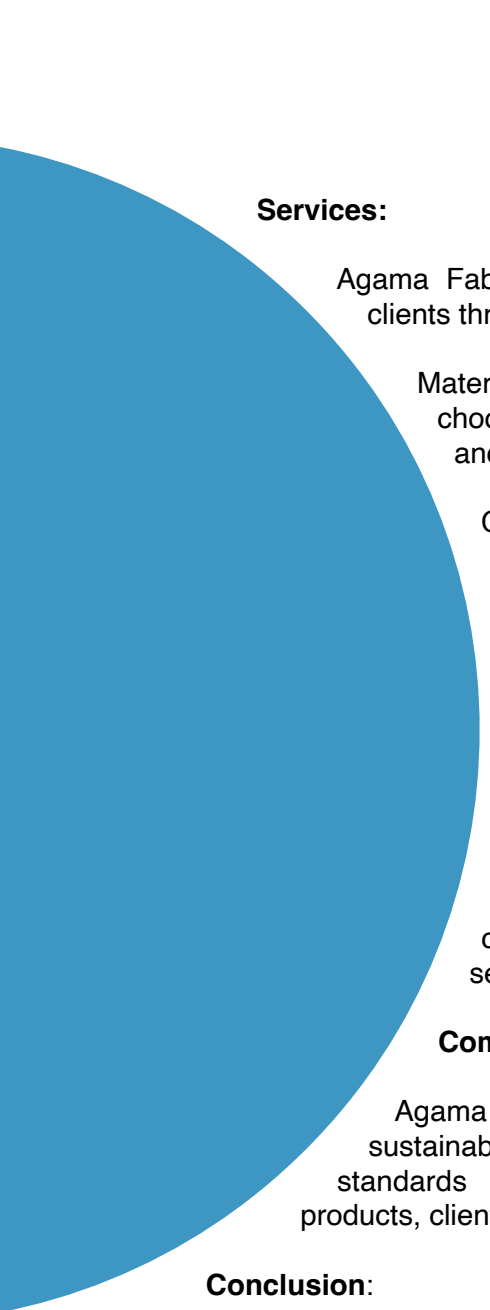

Our selection includes Radianz Quartz, a high-performance engineered stone that combines the natural beauty of quartz with advanced manufacturing techniques. Radianz Quartz is a versatile material ideal for kitchen countertops, vanity tops, and other surfaces, offering outstanding resistance to scratches, stains, and heat.

Zintra Acoustic Panels:

Agama Fabrications and Designs also specializes in Zintra Acoustic Panels, which provide superior sound absorption and design flexibility. These panels are ideal for improving the acoustic environment in offices, educational institutions, hospitality venues, and other spaces. Zintra Acoustic Panels are available in a wide range of colors and patterns to suit various design requirements.

RMC Engineered Marble:

We offer RMC Engineered Marble, an engineered stone that replicates the elegance and beauty of natural marble. RMC Engineered Marble combines natural marble chips with high-quality resins to create a material that is more durable, consistent, and easier to maintain than traditional marble. It is an excellent choice for countertops, flooring, and wall cladding.

Services:

Agama Fabrications and Designs offers comprehensive services to support our clients throughout their projects. Our services include:

Material Selection and Consultation: Our experienced team assists clients in choosing the most suitable materials based on their requirements, budget, and design preferences.

Custom Fabrication: We have a fabrication facility equipped with advanced machinery and skilled craftsmen who transform raw materials into precision-cut pieces. Our expertise lies in creating tailored solutions that meet the unique specifications of each project.

Installation:

Our professional installation team ensures a seamless and hassle-free installation process, adhering to the highest standards of quality and precision.

Post-Installation Support: We value long-term relationships with our clients, and therefore, we provide ongoing support and maintenance services to ensure the longevity and performance of our products.

Commitment to Sustainability:

Agama Fabrications and Designs is dedicated to environmental stewardship and sustainable practices. We actively seek out materials that meet strict ecological standards and promote sustainable construction practices. By choosing our products, clients contribute to creating more eco-friendly and energy-efficient spaces.

Conclusion:

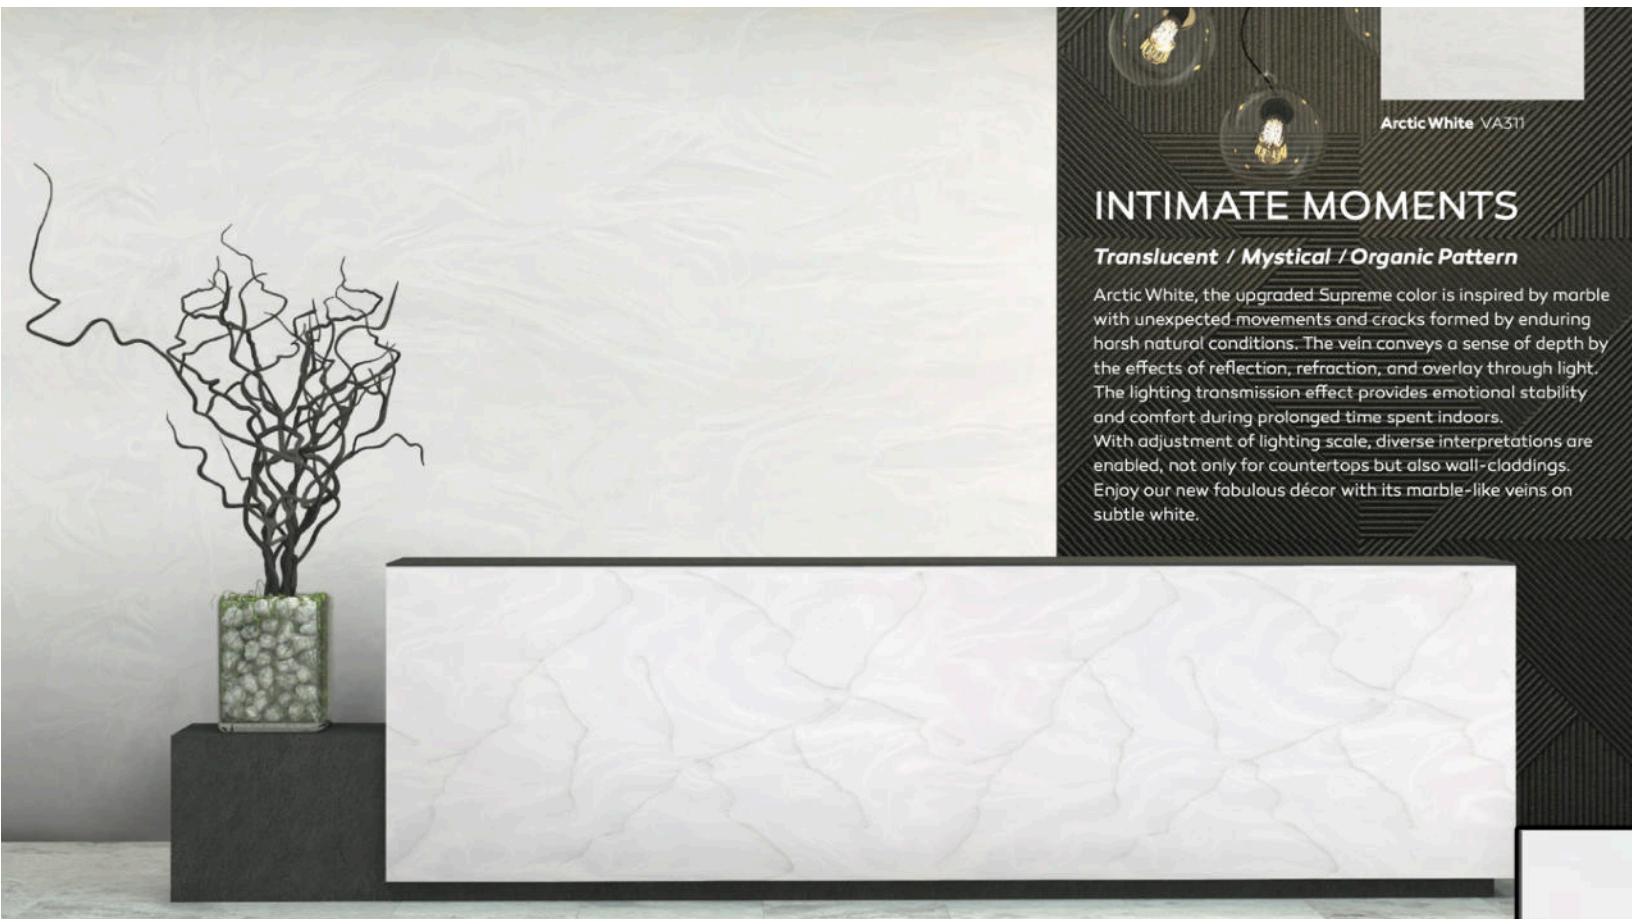

Agama Fabrications and Designs is your trusted partner for importing and fabricating high-quality building materials. With our exceptional range of products, attention to detail, and commitment to customer satisfaction, we bring your design visions to life. Whether you are an architect, interior designer, or homeowner, we provide innovative solutions that elevate the aesthetics and functionality of your space. Contact us today to explore our extensive product portfolio and experience the excellence of Agama Fabrications and Designs.

STRETCH YOUR IMAGINATION WITH STARON FOR INFINITE POSSIBILITIES.

WHY STARON ?

Staron® solid surface materials feature dimensional flexibility and low maintenance requirements. The non-porous, ultra-hygienic, and remarkably durable Staron surfaces are ideal for a multitude of interior applications, from healthcare facilities to retail and residential settings. Engineered in a wide assortment of colors and patterns, popular options range from the Tempest Collection

with near-transparent gemstone textures, to the Supreme Collection with veined patterns of timeless look of natural marble.

TERRAZZO

Designed With Modern Living

Introducing the Terrazzo Collection, a new addition to the Staron portfolio. Featuring contrasting flecks, these new Terrazzo shades offer homeowners and interior designers the authentic look of Terrazzo and the exceptional qualities of Staron. An on-trend surface suited to any kind of space. Packed full of contrasting flecks, which run through the entire thickness of the material, the new design combines a stunning appearance with a seamless finish.

ADVANTAGES THAT GO BEYOND THE
SURFACE.

RADIANZ, PREMIUM QUARTZ SURFACES

Comprised of high-density natural quartz, Radianz® surfaces emulate the sophistication and timeless beauty of natural stone. Its superior composition provides qualities that are unobtainable in granite or marble, including resistance to heat and superficial marring. Because Radianz material is non-porous and easy to clean, it's ideal for healthcare, hospitality, food service, commercial, and residential applications.
